## FIRE PREVENTION DAY WILL BE OBSERVED SATURDAY

Fire Chief Newell Calls Attention to the Day and Its Purpose in Statement Given to the Public Today—Observance Expected.

Saturday, October 9th, will be observed as Fire Prevention Day all over the United States. Following the proclamation of President Wilson, the governors of many states issued proclamations and Mayors of cities and villages then issued official calls to the people.

Mayor Russell has asked a general observance of the day in Maysville in the removal of rubbish and the cleaning-up for fall and winter of the premises. He also asks that every child be taught the location and number of the fire alarm box nearest his or her home.

In explanation of Fire Prevention Day, Fire Chief Ruffell Newell today issued this statement:

"Most of the days of special observance are days of commemoration, but Fire Prevention Day is one of warning. We look back to October 9, 1871, when the city of Chicago was in flames in order to learn not to do it again, therefore, while most holidays are for the purpose of tying us up to something fine and noble in the past, Fire Prevention Day is devoted to turning our faces away from an unworthy past toward a better future. In short, it is progressive and educational. It follows that Fire Prevention Day must be treated in no holiday spirit, it is far too important for that. It concerns itself with such measures as inspection, cleaning up, on premises, the removal of hazards, the instruction of school children and the arousing and the education of the public. It is the occasion of more official proclamations than any other holiday save Thanksgiving day. It is observed with special programs in more schools than any other holiday save Christmas. It is the only holiday, in which the fire departments of many cities regularly take part. Fire Prevention Day thus becomes a genuine factor in the welfare of the nation, yet we cannot blind ourselves to the fact that fire loss still remains inordinately high and is still running but little below the highest recorded figures in the country's history."

Mr. and Mrs. R. M. Harrison returned Wednesday from a two-weeks' stay in Chicago.

## AGREEMENT OF FACTS IN CASE TESTING ORDINANCE

Case Testing City Ordinance Against Soliciting Business Without License Will Be Disposed of This Term.

Attorneys for both sides in the case of the City of Maysville vs. J. Emden, appealed from the city court, reached an agreement in Circuit Court this morning on the facts in the case and filed them with the court. The case will be taken up before the close of the term before Judge Newell and the law in the case submitted to the court.

Much interest is being shown in this case as it is a test of one of the city ordinances placing a license tax on soliciting business in the city of Maysville. It will be remembered that Mr. Emden was soliciting orders for tailor made clothing when he was arrested and upon agreement was fined in Police Court. He immediately appealed the case to the Circuit Court, his company desiring to test the validity of the ordinance.

Judge Newell this morning dismissed the petit jury for this term of court, there being no other jury trials to come up during the term. Court was also dismissed until Friday of next week and on Friday and Saturday of next week the business of the term will be brought to a close.

## SUNDAY WILL BE BIG DAY AT THIRD STREET CHURCH

Entire Day Will Be Given Over To Sunday School Work—Great Pageant To Be Given On Sunday Evening.

The Sunday school of Third Street M. E. church is preparing for its best rally day next Sunday. Rehearsals are being held every evening this week for the giving of their pageant "The Coming of Truth." This will be the chief event of the day. The whole day will be given to exercises by Sunday school. At 9:30 the regular Sunday school service will be held. Every member and friend of the church is expected at this hour. At the close of the lesson period the promotions will be announced and a special promotion service for the receiving into the Beginner's department of a number from the Cradle Roll. Then special reference will be made to the seventy-third anniversary of the church. Special musical numbers will also be given.

At 7 p. m., will be the pageant. The following note introduces the pageant. "The pageant portrays Christian teaching and training as the key to the world's redemption. It points to the Sunday schools as the chief agency for teaching God's truth. The 'World' is represented as seeking freedom from bondage. War, science, and other forces, fail to bring deliverance. The 'Church of Christ' appears and promises freedom through 'Truth.' There follows a panorama of Christian education as the 'Way of Truth'; also a scene showing the 'Spread of Truth' through the world by the expanding Sunday school work. 'Truth' then appears to 'World' and points the way to Christ. 'World' seeks Christ, his bonds are broken, and he stands forth free."

## REGISTRATION LOOKS GLOOMY FOR DEMOCRATS IN STATE

Republicans Register More Voters In Kentucky than Democrats with Several Republican Strongholds Missing.

Registration figures as are compiled by the Democratic leaders themselves in the city of Louisville look pretty gloomy for the Democrats in the state of Kentucky. With 54 of the cities in the state reported and some of the Republican strongholds of the state such as Ashland, Olive Hill and others missing, the Republican party has a good lead.

The totals as announced by the Democrats for 54 cities in Kentucky are Democrats, 102,728; Republicans, 103,892. These figures look all the gloomier when they are compared with the figures for 1916 when the Democrats registered 56,243, and the Republicans 42,086 in the same 54 cities. Last year, 1919, the registration figures for these 54 cities were Democrats 52,429; Republicans 43,096.

If the figures throughout the state from other cities now missing follow the same general course as these, which include all of the strong Democratic centers, there is no doubt but that the Republican majority in the state of Kentucky will be a healthy one.

## TWO KILLED WHEN C. & O. NO. 5 IS WRECKED TODAY

Engineer Had Postal Clerk on Morning Fast Flyer Killed When Train Is Ditched Near White Sulphur.

Two men were killed, two others seriously injured and several slightly injured when C. & O. westbound passenger train No. 5 was ditched at Roncove, a small station near White Sulphur, W. Va., at an early hour this morning.

Engineer R. D. Womack, of Hinton, W. Va., and Postal Clerk C. H. Gurley, of Staunton, Va., are the dead. The fireman and a baggage man were seriously injured that they are expected to die while several passengers in two day coaches are also bruised and badly shaken up. Only the engine and four cars were ditched, the Pullmans remaining on the track.

The cause of the accident is not known here but it is thought that a derailment was caused by a heavy stone falling from the mountain side as at this point the hills are quite steep over the track.

## GIRL SHOT BY BOY WHO THOUGHT GUN WAS NOT LOADED

Russell Shelton Shoots and Seriously Wounds Irene Tolle Wednesday Evening—Another Case of "Unloaded" Gun.

About 6:30 Wednesday evening Irene Tolle, twelve-year-old daughter of Mr. and Mrs. William Tolle, of Front street, was shot through the neck and rather seriously wounded by Russell Shelton, 16 years of age, son of Mr. and Mrs. Samuel Shelton of Cincinnati.

The Tolle girl and young Shelton were at the home of Mr. and Mrs. Robert King in Front street, an uncle of the boy, where he was boarding while working here in the Maysville Cotton Mills. The boy was preparing to go to the factory to begin work on the night shift when he picked up an old revolver and, according to his story, started to take the cartridges from it, accidentally discharging it and the load taking effect in the girl's neck. Another story told by the girl and others is that the boy pointed the gun directly at her and said: "I'm going to shoot."

Young Shelton was taken to the Mason county jail and will be given a hearing before Juvenile Judge Purcell probably tomorrow. The girl, although seriously wounded, is not thought to be fatally hurt. She was taken to Hayswood Hospital this afternoon for an X-ray examination.

## EUROPE IN WORSE SHAPE THAN YEAR AGO.

(By Guy Hickok, Staff Correspondent, from Berlin to Brooklyn Eagle.)

Europe generally is in worse condition today than it was a year ago. Most of the plans for general reconstruction have gone askew, and have not been succeeded by new ones.

An American international financier, who has been making a tour of European capitals annually since the war, informs me that in France, Austria, Czechoslovakia and Germany he finds bankers and manufacturers almost all more hopeless than they were twelve months ago.

"The thing that amazes me most is that they are, without plans for the future," he said. "I have been asking the biggest bankers and financiers of each country what they expected to do in the next year, on the theory that it might be possible to co-ordinate their projects in some way. But there is nothing to co-ordinate. They are all living a day-to-day basis with no view of anything but gloom ahead. As nearly as I can see, the only country with a plan is Russia."

This lack of positive plans for the future is not to be taken as a lack of initiative on the part of European big business. When a man finds himself balked in every effort to get coal or raw materials, when he cannot sell such output as he has and is forbidden by his government to lay off his workmen, a positive plan is an indication of insanity.

"Here," said an Austrian manufacturer to the American, pointing to a storage yard full of motor trucks. "I can't sell any of these trucks. Nobody in Austria can buy them. The countries around us are either as unable to buy as we are or they have such high protective tariffs that my trucks cost more than their own."

"Yet the government forbids me to discharge more than 20 per cent. of my men. I must go on making trucks that I can't sell — until something breaks."

Unfortunately as this manufacturer's predicament is, it is rather good, comparatively. Many others are compelled to keep their employees on their pay roll even though they do not work at all, owing to the lack of raw material. Actual unemployment in Germany, according to official figures reported

THE railroads were partly  
responsible. But it wasn't  
until the automobile reached  
its present state of develop-  
ment that the old barriers  
against travel were finally  
broken down.

More people own auto-  
mobiles today than ever  
thought of owning a horse  
and buggy in the old days.

That's because the cost of  
motoring has been brought  
within reach of the average  
citizen's pocketbook.

We look upon it as part of  
our job to keep it there. If  
it weren't for the trade of  
the man with the medium  
priced car there wouldn't be

much in this tire business for  
us.

The less a man has to  
spend on motoring, the more  
important it is that his tires  
should be of first quality.

Any tire is not good enough  
for the small car owner. He  
wants a tire that will give him  
just as much for his money  
in the small size as the big  
car man gets for his money  
in the large size.

In thinking over what kind  
of tires we would represent  
in this community we tried  
to put ourselves in the  
place of the car owner. And  
we believe we hit it exactly  
when we selected U. S.  
Tires.

WILLIAM SHANKS, Dover, Ky.

The late ex-Empress Eugenie is said  
to have been haunted by a dread of  
Sundays. September 4, 1780, the day  
the mob invaded the Tuilleries, was a  
Sunday; it was on a Sunday that she  
learned the news of the death of the  
Prince Imperial; and she herself died  
on a Sunday.

As stage director for one of the lead-  
ing theatrical producers in New York,  
Mrs. Trimble Bradley is said to be  
the only woman in the world doing  
this kind of work.

## WHAT'S THE REASON?

Many Maysville People in Poor Health  
Without Knowing the Cause.

There are scores of people who  
drag out a miserable existence with-  
out realizing the cause of their suffer-  
ing. Dry after day they are racked  
with backache and headache; suffer  
from nervousness, dizziness, weak-  
ness, languor and depression. Per-  
haps the kidneys have fallen behind in  
their work of filtering the blood and  
that may be the root of the trouble.  
Look to your kidneys, assist them in  
their work—give them the help they  
need. You can use no more highly  
recommended remedy than Doan's  
Kidney Pills—endorsed by people all  
over the country and by your neigh-  
bors in Maysville. Ask your neigh-  
bor!

Mrs. M. Holliday, 221 W. Second St.,  
Maysville, says: "At times, my back  
has become weak and lame and has  
ached across my kidneys. My kid-  
neys have been irregular in action  
and I have had dizzy spells and head-  
aches. I have always used Doan's  
Kidney Pills, getting them at Wood  
& Son's Drug Store, and they have  
never failed to relieve these com-  
plaints."

Price 60c, at all dealers. Don't  
simply ask for a kidney remedy—get

The Flemingsburg Times-Democrat says:

"Practically all the tobacco crop of Fleming county is in the barn. There may be a little patch here and there still uncut, but nothing to amount to anything. A trip through Bath and Montgomery counties the first of the week showed more tobacco in the field in those counties than in Fleming, but in those counties it will all be housed this week. Fleming county has never had a better crop of tobacco, we think, and it has been very slightly damaged by either rust or house-burn. The prospect now is that it will come onto the sales floor in first-class condition, and we hope our growers will get the top of the market for their holdings."

## FINAL RESULT OF CENSUS MAY BE ANNOUNCED TODAY

Gain In This Country Is Expected To Be About Fourteen Million Over Last Census Ten Years Ago.

Washington, Oct. 7. — The result of the fourteenth decennial census is to be announced late today.

It is expected to show there are approximately 105,750,000 persons in continental United States, or about 14,000,000 more than in 1910, when the last census was taken.

The population announcement today represents nine months of work by 87,000 temporary enumerators and 37,000 permanent employees of the Census Bureau.

Along with its announcement of total population, the Census Bureau will make public a complete list of state populations.

Only three states — Nevada, Mississippi and Vermont — have shown an actual decrease in population so far, and others to be announced are expected to show substantial increases. Many states, however, failed to gain as fast as they have in previous decades.

The gain for the whole country is expected to be 15 per cent, as compared with a gain of 20.9 per cent. between the years of 1900 and 1910. Census officials say the drop in the percentage is due to the halting of immigration, decreased birth rate as result of the war and the large death rate resulting from two serious epidemics of influenza.

Two thousand women students are included in the present attendance at the famous old university of Prague.
